GENERAL

1) Do I need to provide one or two collaterals?

As Fluxys Belgium and Balansys are two different companies, a separate collateral has to be provided for the Standard Transmission Agreement (Fluxys Belgium) and Balancing Agreement (Balansys).

2) Are there any templates available?

Please use following templates:

Fluxys Belgium:

- [bank guarantee](#)
- [parent company guarantee](#)

Balansys:

- [bank guarantee](#)
- [parent company guarantee](#)

3) Which emitting banks are accepted?

a bank approved by the [Financial Services & Markets Authority](#) (or by an equivalent body in one of the Members States of the European Union) and which has a credit rating as specified in Article 14.1.1 (ii), aka not lower than BBB+ (Standard & Poor's or Fitch rating) or Baa1 (by Moody's).

4) By which law should the bank guarantees be governed?

The bank guarantees should be governed by the Belgian law and the courts of Belgium shall have exclusive jurisdiction in this respect.

5) What is the minimum end date for the Bank Guarantee?

We advise a validity period of at least one year but you can ask for a longer validity period to avoid yearly recurrent administrative workload.

6) Is there a maximum amount for the collateral?

There is no maximum amount. The amount is calculated according to your activity, so if you have an increase of activity, the collateral to provide will increase too.

7) How do I know if my collateral needs to be amended?

Each month, checks are performed to see if your collateral covers your bookings or if it should be increased. If the amount is to be increased, we send you a notification.

8) What happens when the bank guarantee is about to expire?

The customer is expected to properly monitor the validity of its bank guarantee (quantity and expiration date), so that you can contact your bank in time for a possible revision (increase, extension of the validity period). Note that the guarantee has always to be valid until at least three (3) months in the future.

9) Can I have more than one bank guarantee in place for the same contract?

No, we require one bank guarantee per agreement, you can easily amend your existing bank guarantee with an increase or extension of the validity period.

10) Where can I find the collateral amount in place? Is it available on EDP?

The data regarding the bank guarantees is not available on EDP (Electronic Data Platform).

Checks are performed on a regular basis by our team and if your bank guarantee needs to be increased or an extension of the validity period is required, we will contact you in order to take the necessary actions.

11) When can I get my collateral back?

As long as you have subscribed services, a financial guarantee is required. If the validity period of these subscribed services ends, you will get your collateral back once all invoices have been paid.

FLUXYS BELGIUM

12) What are the options to fulfil the Standard Transmission Agreement (STA) creditworthiness requirements?

Either you:

- Have an **acceptable credit rating** which corresponds to a rating, for the Network User's long term unsecured and non-credit enhanced debt obligations, of not less than BBB+ by Standard & Poor's Rating Services or Fitch Ratings or not less than Baa1 by Moody's Investor Services; or
- Can provide an unconditional and irrevocable **parent company guarantee** by your parent company who has such acceptable credit rating; or
- Need to submit a **collateral under the form of bank guarantee or in the form of a cash deposit** – in such case you need to provide minimum the amount of the collateral calculated in accordance with Article 14.2.2. of the STA.

13) Can I provide a cash collateral?

Yes, cash deposits are allowed for the STA.

14) Are there interests on the cash collateral?

Cf Article 14.2.3 of the STA.

Cash deposits shall accrue a daily interest that will be calculated as from the first day of the deposit in accordance with €STER (unfloored) less fifty (50) basis points. Said interests will be capitalized on a yearly basis and will be paid to or recovered from the Network User on the day the funds are returned.

15) How much collateral do I need to provide?

In accordance with Article 14.2.2 of the STA, the collateral amount is composed of:

- i. The Monthly Capacity Fee of the Network User for the following two (2) months; and
- ii. The part of the Monthly Capacity Fee for Transmission Services of the previous month (M-1) subscribed during that month

rounded upwards to the first thousand Euros (EUR 1,000).
