 $^{(1)}$  The CREG has approved on 21 December 2023 tariffs for the entire tariff period by approving tariffs for year 2024

as well as the indexation formula which will be applied yearly until 2027. The indexation will be applied every year on the 1st of January through following formula: "tariffs of year 20xx" = "tariffs of year (20xx-1)" multiplied by "consumer price index of the month of November of year (20xx-1)" divided by "consumer price index of the month of November of year (20xx-2)". The new tariffs calculated according to this formula will be published yearly in the month of December of the year (20xx-1) and will be rounded to minimum two identificant formed significant figures.
